Knapweld comprises five new executive homes within a short stroll of Storrington village centre. The exclusive properties are designed to the highest quality, combining luxury finishes with the practicality and comfort expected of a family home.

At Knapweld there are three detached and two semi-detached houses each with their own character and features. All the properties have secluded gardens, garaging and are accessed via a gated private driveway.

The charming village of Storrington lies at the foot of the South Downs, surrounded by the beautiful Sussex countryside. It has a history dating as far back as the 11th Century AD when it was featured in the Domesday Book as 'Estorchestone', meaning a place well known for storks. Today the village is a thriving community with many excellent restaurants, independent retailers, welcoming pubs, schools & leisure facilities.

Storrington has excellent transport links. The A24, no more than 2 miles away, provides a direct route to London and the South coast whilst the nearby village of Pulborough offers direct rail services to London, Gatwick Airport, Portsmouth & Brighton.
